

## PRESS KIT FACT SHEET

### EXECUTIVE SUMMARY

**StorMagic** is making the complex simple for edge computing environments, and we're leading the industry in bringing the edge to the core, in the datacenter and cloud. Our storage and security products are simple, lightweight and cost-effective without sacrificing enterprise-class features for organizations with one to thousands of sites. SvSAN is a highly available two-node virtual SAN designed for hyperconverged edge and small datacenter sites. SvKMS is a flexible and robust encryption key manager for edge, datacenter and cloud. More than 1,300 customers worldwide have chosen StorMagic to lower costs, ensure data security and uptime and simplify operations.

### OUR PARTNER ECOSYSTEM

- Technology partners include VMware vSphere, Microsoft Hyper-V and Linux KVM
- Strategic alliance partners include HPE, Schneider Electric, Lenovo and VMware

### OUR HISTORY

- 2006:** StorMagic was founded in 2006 on the concept that IT had become far too complicated, and its mission became to make the complex simple.
- 2007:** Introduced its first product in 2007, the SM Series, a software-based iSCSI SAN.
- 2009:** SvSAN was introduced in 2009 as a virtual SAN software-defined storage solution designed for edge computing environments.
- 2011:** StorMagic secured two patents for "Method and system for data replication"
- 2013:** SvSAN 5.0 was released in 2013.
- 2016:** Performance-enhancing caching features added to SvSAN with the launch of SvSAN 6.0.
- 2017:** StorMagic secured a patent for "Systems and methods for caching data"
- 2018:** SvSAN 6.2 is released, and with it a new FIPS 140-2 compliant data encryption feature.
- 2020:** In 2020, strategic partner HPE began selling SvSAN as a replacement for its StoreVirtual platform, which was discontinued in 2019.
- 2020:** In 2020, StorMagic entered the security market when it acquired KeyNexus and introduced SvKMS, an enterprise-grade key management system that can be integrated in the datacenter, edge or cloud.
- 2020 and onwards:** Today, StorMagic's product portfolio has continued delivering innovation with storage and security solutions and is in use by more than 1,300 customers globally.

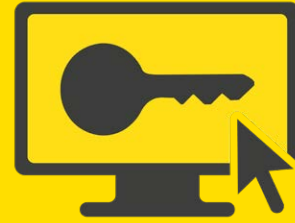

## STORMAGIC SvSAN

*A virtual SAN made simple*

Launched in 2009, **SvSAN** is the virtual SAN that makes the complex world of virtualized storage simple. Perfect for edge computing environments, the technology is based on software-defined storage that eliminates the need for physical SANs. SvSAN is designed to be very simple to install and manage whether deployed as part of a hyperconverged solution or as a storage-only target for any server environment.

### **What makes SvSAN different?**

- ✔ Built specifically for edge, SME and small datacenter
- ✔ Lightweight, low-cost architecture simplifies deployments
- ✔ One tiny witness capable of managing 1,000 clusters

## STORMAGIC SvKMS

*Encryption key management that adapts to any environment*

Enterprises deserve a one-stop approach to key management. Launched in 2020, **SvKMS** provides a single platform that manages all your encryption keys, anywhere. Customers get an enterprise key manager for any encryption workflow, whether at the edge, datacenter, cloud or even multi-cloud. SvKMS has enterprise-grade features delivered in a simple to use interface - all at a surprisingly low cost.

### **What makes SvKMS different?**

- ✔ Automate and integrate with any workflow
- ✔ Lowest price for modern key management
- ✔ Easy to use and configure
- ✔ Deploy, generate, store and provision keys anywhere

making the complex simple

## INDUSTRY-LEADING ACCOLADES IN STORAGE AND CYBERSECURITY

Here are several of our recent award recognitions:

[2020 CRN Partner Program Guide 5-Star Award Winner](#)

[2020 Cybersecurity Excellence Awards Silver Winner in Technology, Software & Encryption Categories](#)

**Gartner**

[2019 Gartner Magic Quadrant for Hyperconverged Infrastructure](#)

[SDC 2019 Channel Program of the Year Winner](#)

[Storries XVI SDS Solution of the Year Finalist](#)

[2019 Cybersecurity Excellence Awards Bronze Winner](#)

[2019 CRN Partner Program Guide 5-Star Award Winner](#)

**Gartner**

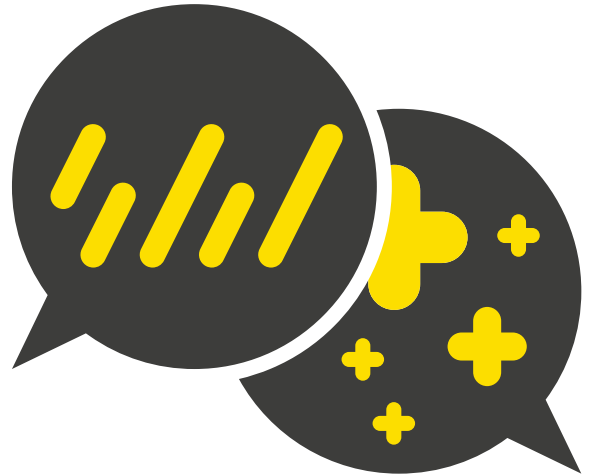

[2018 Gartner Magic Quadrant for Hyperconverged Infrastructure](#)
